

Friends Abreast Team Song

We've got spirit ain't that right

Friends Abreast with all our might

We work together through thick and thin

That's what really helps us win

Chorus

Let's go girlfriends, let's go girls

Let's go girlfriends, let's go girls

Let's go girlfriends, let's go girls..

Power ten works mighty fine

It just helps us keep in time

Reach and dig and keep in time

We'll cruise right through that finish line

(Chorus)

We don't care what people say

Friends Abreast are here to stay

Try our best to keep in pace

Give our best in every race

(Chorus)
